Dear Seated Delegate:

There are many who feel that the information regarding cash incentives for the international conventions, brought to the last general service conference, was incomplete. Therefore the group conscience was not as informed as it could have been.

Since this time, new information has been brought to light, i, among many others, have written to G.S.O. about our concerns over this issue. In this packet I have enclosed a copy of my letter, a copy of the response to our past southeast regional trustee's minority report, and a copy of the letter sent to the orange county convention center and all convention bureaus bidding on the 2005 international convention.

My hope is that by informing all the seated delegates of this information, we together with New York, can strive to see that our traditions continue to guide us in all our decisions.

Thank you for taking the time to consider this information.

In Love and Service,
